

PRODUCER MEMBERSHIP ADVANTAGES

NPCA offers manufacturers of precast concrete products the opportunity to become producer members of the association. NPCA Producer Members receive a multitude of benefits, including:

Largest Industry Certification Program

- Access to the industry's largest and most comprehensive certification program, recognized in 42 states, by the FHWA, FAA, DOD, Army Corps of Engineers and many other federal, state and local entities
- Active promotion of NPCA certified plants at the federal, state and local level

Educational Programs and Resources

- Personalized Company Performance Report when you participate in the annual Benchmarking Survey, the most comprehensive study of the precast concrete industry
- Access to the NPCA professional staff engineers with technical expertise in all things related to precast concrete, including mix design, production, plant safety and specific product lines
- The opportunity to network with colleagues and advance the industry through service on committees and the Board of Directors
- Precast-specific educational courses offered live and online at a discounted member rate
- Safety videos, available as downloadable files, in English and Spanish at no charge
- Discount pricing on NPCA's Production and Quality School fundamentals course, PQSI
- Access to Precast University courses, leading to certification as a Master Precaster
- Access to Leadership NPCA, a year-long intensive experience to accelerate the growth of high-potential employees

Industry-leading Publications

- Precast Inc. magazine (published bimonthly) – The most widely read publication devoted to the precast concrete market featuring detailed articles about the latest industry technologies and developments, profiles on leading precast companies and more.
- Precast Solutions magazine (published quarterly) – Features case studies on innovative precast construction projects to illustrate the many benefits and uses of precast concrete
- Precast Express – NPCA's e-newsletter distributed weekly or as needed to bring members late breaking news and information.

Networking opportunities with producer, associate and professional members

- The Precast Show – Member discount pricing for the largest tradeshow in North America dedicated to the precast concrete products industry (visit ThePrecastShow.org)
- NPCA Annual Convention – Access to the annual event that brings together industry leaders in a forum for exchanging ideas and sharing best practices, featuring tabletop exhibits, leadership courses, committee meetings, networking events and a closing gala

Company Recognition

- Company listing online in the precast.org member and product search database
- Company listing in the annual NPCA Membership Directory and Buyer's Guide
- A membership plaque and access to NPCA Member logos for print and website

Complete your membership application today. Email a scanned copy to mshetterly@precast.org or fax to (317) 571-0041. This form can be located precast.org/membership. If you have questions, call (800) 366-7731 or visit www.precast.org
